

**The 2008 State Convention and Nominating Caucus** for the **Reform Party of Kansas** will be held on **Saturday, May 31<sup>st</sup>, 2008**. The meeting location will be **Puffy's Steak and Ice House** in **Maple Hill, KS**. The meeting will start at 10:00 AM and end around 4:30 PM, with a break for lunch around Noon. Please join us: e-mail [RSVP@votekansas.org](mailto:RSVP@votekansas.org) or call 785-341-8777.

Please come and help us decide on our **Reform Candidates for 2008**. If you are willing to be a champion of reform, giving Kansas voters a real choice over the agents of political corruption, please let me know soon what office you are willing to run for. Please contact other Kansans you know to encourage them to run for office as well.

Being too busy should not be a serious excuse not to run. We are all so busy because the state is forcing us to work constantly to try to keep up with their taxes and fees. This is not representation of our interests; it is self-serving greed. Are you busier now than 2 years ago? Do you think you will be less busy 2 years from now? The time is now to give the largest voting block (those that have given up voting for the major parties) renewed interest in taking back their God-given, Constitutionally protected rights from the intrusive usurpers that steadily gain more power and money by striving to take them from us. If good candidates don't run for office, good candidates can't be elected into office.

How many countries in the world would be delighted to have the opportunity to effect positive reform in the policies that govern them? We have this opportunity, and yet so many of us sit back while corrupt officials encounter almost no competition to their lucrative "political careers." If we don't take this and every chance to regain and protect our rights, who will? If not now, then when?

We need candidates for all the available offices: U.S. Senator, U.S. Congress, KS State Senators, KS State Representatives, KS Board of Education, and County Commissioners. With decent candidates, we can then ask supporters in earnest for financial help to pay for filing fees and then for radio ads on the issues.

I would appreciate any and all help on compiling material on reform issues for candidates, finding candidates, and filling leadership positions in the Reform Party of Kansas.

Please let me know if you are planning to attend the state convention and if you are registered Reform (to confirm your registration and determine how long you have been registered).

Let's work to fulfill our personal and civic duties out of love for God, Christian Civilization, our families, and our future. We have been handed a rare opportunity in this country, won at great price by patriots before us, envied by most of the rest of history, and now assaulted relentlessly by the most powerful people on earth. Are we content to say: "When it was my turn to carry the baton of Christian Culture, I delivered it to our sworn enemies and relaxed in defeat"?

Pray with your families: adore God; thank God; ask God for His mercy and forgiveness; pray God for His blessings and protection from our enemies.

Our enemies depend upon our vices for their victory: pride, envy, gluttony, lust, anger, greed, sloth. To withstand their deceit and malice, we must pray for and practice virtues: faith, hope, charity, prudence, temperance, courage, justice, humility, kindness, abstinence, chastity, patience, liberality, diligence.

Thank you! May God bless you!
