

## Every Effort Helps!

1. Register and Vote on **paper ballots!** Tell your friends and neighbors to vote on paper ballots as well. The more verifiable ballots are cast, the harder it will be to steal an election.
2. Tell your friends and neighbors that Judy Tucker is running to hold our elected representatives accountable to We the People: their constituents. Visit <http://www.VoteKansas.org/> and participate in our efforts. Send e-mails to your contacts; talk to your neighbors: Our children's futures depend on our involvement today.
3. Walk your neighborhood and tell them about the special interests that are buying our freedoms for their own profits and sponsors.
4. Contact local newspapers, TV stations, radio stations, and web-sites to promote this campaign.
5. Become a leader! This is a campaign for all Kansans to defend our God-given, constitutionally protected rights. Print out flyers, posters, cards, etc. Promote our web-site. People with skills in public relations, computers, fund raising, and organizing meetings are greatly needed. If you are interested in becoming active in this campaign, contact me.
6. If you would like me to speak to your community group, church, civic organization, etc. or answer questions, please contact me:

Anyone contributing more than \$150 dollars must write their occupation on their check for reporting purposes. Per person limit is \$500.

I will not accept contributions from lobbyists.

## My Top Three Policy Issues

1. Hold Elected Officials Accountable to Kansas Voters and Stop Serving Corporations and Special Interests.
2. Stop the Security and Prosperity Partnership in Kansas and its promises to legalize the millions of invading illegal aliens and to steal thousands of acres of private land with the abuse of Eminent Domain.
3. Stop the enforcement of *Codex Alimentarius*, which will outlaw natural supplements and herbs and other maneuvers of corporations to block competition from Kansas businesses.

## Vote for Judy Tucker

Having watched the actions of Government in my many years as a Mother and Grandparent of two beautiful Grandchildren, I am now running for KS State Representative to make our Elected Government Officials accountable to the People instead of serving the Corporations and Special Interest Groups.

# Judy Tucker

Candidate for State Representative  
District #5  
Reform Party of Kansas

I was born in 1956. I graduated from Washington State. Most of my life, I have been a mother and a domestic engineer, working for people in their homes.

I am married to Roger Tucker. We have 9 children and 16 grandchildren between us. All our children have moved away and are on their own.

## We Must Hold Our Public Servants Accountable

Having watched the actions of Government in my many years as a Mother and Grandparent of two beautiful Grandchildren, I am now running for KS State Representative to make our Elected Government Officials accountable to the People instead of serving the Corporations and Special Interest Groups.

The fundamental problem behind our Elected Representatives betrayal of our founding principles is the large amount of Money being passed around to many Officials who do not care about We the People.

For example, Big Pharmaceutical Companies lobby for trade agreements that would enforce the international agreement called

*We must reject Codex Alimentarius, which will outlaw herbs and natural food supplements, allowing them only by prescription, if at all.*

Codex Alimentarius, which will outlaw herbs

[judy.tucker@votekansas.org](mailto:judy.tucker@votekansas.org)

and natural food supplements, only allowing them by prescription, if at all. "Big Pharma" doesn't want to see a reduction in their profits because of people keeping themselves healthy with healthy food and herbs; they don't want competition.

Most people are not yet aware that while laws are being passed to infringe upon our

constitutional civil liberties in the name of making us safer from terrorists, our borders are not being defended from the daily invasion of thousands of unidentified illegal immigrants who may well be the very

terrorists of which the government and media are constantly warning us, on their way to destroy the future of our children. The contradictions in these policies are obvious.

Most people are not yet aware that the Security and Prosperity Partnership of North America (SPP) is already nearing completion. This anti-American partnership will dissolve the borders with Canada and

Mexico, eliminate security at our current national borders, and complete the destructive "free trade" agreements that have been helping U.S. factories move to Mexico for cheaper labor for over a decade: under the creation of such a North American Union, businesses will be able to hire illegal immigrants in the U.S.A. and avoid the costly expenses of moving their factories.

*Thousands of Unidentified Illegal Aliens Invade Our Country Daily!*

*The Deceptively Named "Security and Prosperity Partnership" (www.SPP.gov) will Dissolve our Borders with Canada and Mexico and Legalize the Millions of Illegal Aliens!*

This economic destruction, together with the so-called war on domestic terrorism, is double insanity without representation. We The People, who are supposed to control the people's government, have not

*Our Elected "Representatives" are Paid to Remove Our Freedoms and Make Us Captive Corporate Consumers*

asked for this. The money and power of large international corporations have the eyes and ears of our Elected Officials, directing them to ensure greater control, less competition, and increased profits for their wealthy sponsors.

Where do the needs and rights of the people fit in? We are being ignored and controlled. The people of Kansas are saying "No more! This has to stop!" Wake up America and vote for our American future and to support the constitutional laws of independence and liberty that made this state and country great!

I support WE THE PEOPLE ACT (H.R. 5739) from Rep. Ron Paul to Stop Activist Judges!

Representative Ron Paul introduced the We the People Act on June 29, 2006 with cosponsors Rep. John J. Duncan, Jr.; Rep. Sam Johnson; Rep. Walter B. Jones, Jr.; Rep. John Sullivan; and Rep. Thomas G. Tancredo to "limit the jurisdiction of the federal courts, including the United States Supreme Court, in certain cases," such as activist federal judges telling our children that they can't say the Pledge of Allegiance, or federal courts telling us that there is a right to pornography in schools, but that God must be kept out of the classroom. Through H.R. 5739, Congress can stop them.

Vote for Reform in Kansas  
Government this November 7th!
